

RESOLUTION NO.: R-2015-014

ORIGINAL  
STAMPED IN RED

*Instructing the City Manager to communicate City Council's objection to any change in the laws of the State of South Carolina that would eliminate the need for a referendum when a political subdivision desires to sell a water and/or wastewater treatment and distribution system*

WHEREAS, City Council desires to communicate its objection to any proposed legislation seeking to amend the laws of the State of South Carolina so as to remove the requirement of a referendum before a political subdivision may sell its water and/or wastewater treatment and distribution system; NOW, THEREFORE,

BE IT RESOLVED, by the Mayor and City Council this 10th day of February, that the City Manager, along with the appropriate City staff, shall communicate City Council's objection to any change in the laws of the State of South Carolina that would remove the requirement that a referendum be held before the sale of a water and/or wastewater treatment and distribution system by a political subdivision, to the appropriate legislative officials.
